Message from the Principal's Desk

Dr. Tanasa Hooda
Principal

It is really a matter of immense pleasure and satisfaction for me that our college is releasing the 3rd E-issue of its annual Magazine *Satyambhara* for the session 2024-25. I feel a sense of duty as well as an occasion to address the students, parents, alumni and colleagues through this column.

Over the past few years, this magazine has grown into a powerful platform for our students and faculty to express their thoughts, showcase their talents, and document the journey of our college community. Each edition marks a new milestone, and this third edition is no exception—it reflects not just our achievements, but also the passion, perseverance, and potential of our students.

As educators, our goal is to nurture not only intellectual growth but also imagination, values, and a sense of purpose. This magazine is a small but significant testament to that larger mission. I encourage all students to continue exploring, questioning, creating, and contributing—both within and beyond the classroom.

My heartfelt appreciation goes to the editorial team, contributors, and everyone who played a part in bringing this edition to life. May this magazine continue to inspire and grow with each passing year!

Editor-in-Chief

Dear Students,

It gives me immense pleasure to present before you this edition of our college magazine, a reflection of the creativity, talent, and intellectual spirit that thrives within our institution. A college magazine is not merely a collection of articles, poems, and reports; it is a mirror that showcases the aspirations, achievements, and voices of our students and faculty.

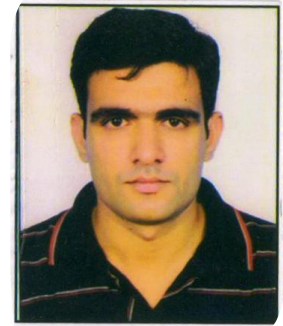

This 3rd edition is a humble attempt to capture the essence of our college life—our academic pursuits, cultural vibrancy, social responsibilities, and the boundless imagination of our young minds. Each page echoes the dedication of contributors who have expressed themselves with clarity, confidence, and creativity.

I take this opportunity to express my heartfelt gratitude to our Principal for constant guidance, to the faculty for their encouragement, and to my editorial team for their tireless efforts in bringing this magazine to fruition. Above all, I thank the students, whose enthusiasm and contributions breathe life into these pages.

I hope this magazine will inspire readers to think, create, and continue contributing to the growth of our college community. May this edition serve as both a source of knowledge and a celebration of the vibrant spirit that defines our institution.

Dr. Jaivinder
Department of Sanskrit

Sub-Editor and Graphics Designing

Dear Readers,

It is with great enthusiasm and a deep sense of responsibility that I present to you the **3rd edition** of our college magazine. This publication is more than just a compilation of articles and artworks—it is a vibrant reflection of the ideas, experiences, and creativity that shape our campus life.

Each page in this edition carries the voice of our students and faculty, expressing their thoughts through poetry, stories, essays, photography, and more. It captures the intellectual curiosity, cultural richness, and diverse perspectives that make our college a truly dynamic learning environment.

Behind every successful edition is a team of passionate individuals—writers, editors, designers, and contributors—who have worked tirelessly to bring this vision to life. I extend my heartfelt gratitude to everyone who submitted their work and to the editorial team for their dedication, collaboration, and attention to detail.

As you flip through the pages, I hope you find inspiration, insight, and maybe even a reflection of your own journey here. May this magazine continue to grow as a space where voices are heard, talents are celebrated, and stories are shared.

Happy reading!

Warm regards,

Dr. Ashok Sindhu
Department of Computer Science

सफलतायाः सोपानानि

मानवः स्वभावतः प्रतिपलं सफलतायाः प्राप्त्यर्थं प्रयासरतः भवति । सफलतायाः प्राप्तिः हेतोः पञ्च महत्त्वपूर्णानि सोपानानि भवन्ति यथा-

1. प्रथम सोपानम् - लक्ष्यम् ।

यदि लक्ष्य स्पष्टम् अस्ति तर्हि सफलतायाः प्राप्तिः शीघ्रं भवति । परं लक्ष्यं योग्यतानुसारं भवेत् । न तु इच्छानुसारं । यथोक्तं अपि -

उत्तिष्ठत जाग्रत प्राप्य वरान् निबोधत । (कठोपनिषत्)

2. द्वितीय सोपानम् सुयोजना ।

लक्ष्यस्य सिद्धिः हेतोः सुयोजना अति अत्यावश्यकी वर्तते । यथा - विचारेण प्रवर्तते कार्यं, योजना चिन्तननेव च ।।

विज्ञाय पूर्वं योजनां कृत्वा कर्म समारभेत् ।।

3. तृतीय सोपानम् - कठोर परिश्रमम् ।

सुयोजनानुसारं कठोर परिश्रमं करणीयम् । यथोक्तम्-

उद्यमेन हि सिध्यन्ति कार्याणि न मनोरथैः ।

न हि सुप्तस्य सिंहस्य प्रविशन्ति मुखे मृगाः ।।

4. चतुर्थ सोपानम् - दोषान्वेषणम् ।

यदि कठोर परिश्रमात् पश्चादपि सफलतायाः प्राप्तिः न भवति, तर्हि दोषान्वेषणं करणीयम् । यथा -

उद्योगिनं पुरुषसिंहमुपैति लक्ष्मीः ,

दैवं हि दैवम् इति का पुरुषा वदन्ति ।

दैवं निहत्य कुरु पौरुषम् आत्मशक्त्या,

यत्ने कृते यदि न सिद्ध्यति को अत्र दोषः ॥

5. पञ्चम सोपानम् - पुनः परिश्रमम् ।

दोषाणां निराकरणं कृत्वा पुनः योजनानुसारं कठोर परिश्रमं करणीयम् । तत्पश्चाद अवश्यमेव शतं प्रतिशतं सफलतायाः प्राप्तिः भविष्यति ।

कालेज में हुआ वेस्ट टू आर्ट प्रदर्शनी का आयोजन

विजेता बच्चों के साथ अतिथिगण। • सौ. कालेज

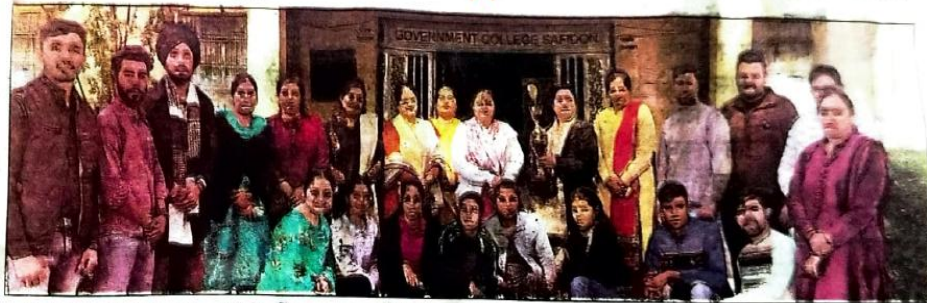

संस्. जागरण • सफीदों : स्वच्छ भारत मिशन के तहत नगर पालिका सफीदों द्वारा चौबीसी विकास संघ के सहयोग से राजकीय महाविद्यालय में शुक्रवार को वेस्ट टू आर्ट प्रदर्शनी का आयोजन किया। इसमें बतौर मुख्यातिथि पालिका सचिव आशीष कुमार रहे। इसकी अध्यक्षता कालेज उपप्राचार्या डा. सरला सहरावत

ने की। इसमें विद्यार्थियों ने खराब प्लास्टिक, गते व कचरे के सामान से सजावटी सामान का निर्माण करके प्रदर्शनी लगाई। इसमें प्रथम स्थान नितिन और सागर को खराब प्लास्टिक की बोतलों से बनी कुर्सी को मिला। दूसरा स्थान प्रीति और प्रीति रानी को खराब बोतलों से बाल हैंगिंग ट्री को दिया गया।

राजकीय महाविद्यालय सफीदों को इंटर-जोनल यूथ फैस्टीवल में पंडित बिरजू महाराज ट्रॉफी से नवाजा गया

सफीदों, 28 जनवरी (प्रवीन): हिन्दू कन्या महाविद्यालय जींद में 23-25 जनवरी 2025 को आयोजित जोनल युवा महोत्सव में राजकीय महाविद्यालय, सफीदों के विद्यार्थियों ने शानदार प्रदर्शन करते हुए कई प्रतियोगिताओं में शीर्ष स्थान प्राप्त किए। प्राचार्या डॉ. तनाशा हुड्डा ने इस सफलता पर विद्यार्थियों और सांस्कृतिक युवा समिति की संयोजिका डॉ. अंजु रानी शर्मा तथा कमेटी के सभी सदस्यों को बधाई दी।

प्रतियोगिताओं में जीते पुरस्कार : प्रथम स्थान : 1. लोकगीत (सामान्य) 2. रागनी 3. पॉप सॉन्ग (हरियाणवी) 4. ग्रुप सॉन्ग (हरियाणवी) 5. रसिया नृत्य 6. लोक नृत्य (एकल-पुरुष) 7. लोक नृत्य (एकल-महिला) 8. ग्रुप डांस (हरियाणवी) 9. पोस्टर मेकिंग द्वितीय स्थान : 1. शास्त्रीय गायन (एकल) 2. ग्रुप सॉन्ग (सामान्य) 3. शास्त्रीय वाक्कल 4.

प्रतियोगिता के लिए विद्यार्थियों को शुभकामनाएं देते हुए।

(प्रवीन)

भारतीय लाइट चोकल 5. वैस्टरन इंस्ट्रुमेंटल (एकल) 6. गजल (हरियाणवी) 7. वाद-विवाद तृतीय स्थान : 1. हरियाणवी लोक इंस्ट्रुमेंटल (एकल) 2. रंगोली 3. क्ले मॉडलिंग 4. जनरल ग्रुप डांस 5. स्किट विशेष सम्मान : राजकीय महाविद्यालय, सफीदों को पंडित बिरजू महाराज ट्रॉफी से सम्मानित किया गया, जो डांस कैटेगरी में सर्वोच्च प्रदर्शन के लिए प्रदान की गई। इस पूरे आयोजन

में विद्यार्थियों को महाविद्यालय से जींद तक ले जाने और उन्हें सहयोग प्रदान करने में डॉ. सुनील देवी, डॉ. अनिल, संयोगिता, भावना, डॉ. रुचि भारद्वाज और अमित का विशेष योगदान रहा।

प्राचार्या डॉ. तनाशा हुड्डा ने कहा कि यह उपलब्धि विद्यार्थियों के अथक परिश्रम, शिक्षकों के मार्गदर्शन और सांस्कृतिक युवा समिति की प्रतिबद्धता का परिणाम है। डॉ. अंजु रानी शर्मा ने

इस सफलता पर प्रसन्नता व्यक्त करते हुए विद्यार्थियों को भविष्य के लिए शुभकामनाएं दीं। इंटर यूनिवर्सिटी चयन : दिनांक 08-12.02.2025 तक हिसार में होने वाले 38वें इंटर यूनिवर्सिटी नॉर्थ वेस्ट जोन के तहत महाविद्यालय के विद्यार्थियों का चयन हरियाणवी लोक नृत्य और पोस्टर मेकिंग में किया गया है। प्राचार्या महोदया ने आगामी माह में होने वाली इस प्रतियोगिता के लिए भी विद्यार्थियों को शुभकामनाएं दीं।

स्टार्टअप इंडिया पर सेमिनार हुआ

संवाद सूत्र, जागरण. सफीदों : राजकीय पीजी कालेज के तत्वावधान में गांव रत्ताखेड़ा में एनएसएस इकाई द्वारा आयोजित सात दिवसीय शिविर के तीसरे दिन स्टार्टअप इंडिया पर सेमिनार का आयोजन किया। सेमिनार में बतौर मुख्यातिथि प्रोफेसर रविंद्र ने शिरकत की। एनएसएस अधिकारी डा. जयविंद्र शास्त्री एवं महिला एनएसएस अधिकारी रीनू देवी ने मुख्यातिथि का शिविर में पहुंचने पर अभिनंदन किया। प्रोफेसर रविंद्र ने कहा कि स्टार्टअप इंडिया की स्थापना 16 जनवरी 2016 को

गांव रत्ताखेड़ा में जागरूकता रैली निकालते हुए स्वयं सेवक। सौ. स्कूल

हुई थी। स्टार्टअप इंडिया का मुख्य उद्देश्य देश में स्टार्टअप को बढ़ावा देना है। इस योजना का मकसद देश के आर्थिक विकास को गति देना और बड़े पैमाने पर रोजगार के अवसर पैदा करना है। इस योजना

के माध्यम से देश के उद्यमियों को किफायती व्यवसाय वित्त व सब्सिडी वाला ऋण राशि मुहैया करवाना है। इसके अलावा इस योजना के द्वारा आइपीआर फास्ट-ट्रैकिंग की सुविधा भी प्रदान की जाती है।

राजकीय कालेज में नशा मुक्ति पर हुआ सेमिनार

राजकीय महाविद्यालय सफीदों में एसपी सोनाक्षी सिंह का स्वागत करते प्राचार्या डा. तनाशा हुड्डा। • सौ. कालेज

संवाद सूत्र, जागरण सफीदों : राजकीय महाविद्यालय सफीदों में बुधवार को नशा मुक्ति पर एक दिवसीय सेमिनार का आयोजन किया। कार्यक्रम की अध्यक्षता महाविद्यालय की प्राचार्या डा. तनाशा हुड्डा ने की, जबकि बतौर मुख्य वक्ता एसपी सोनाक्षी सिंह ने विद्यार्थियों को नशा मुक्ति के प्रति जागरूक किया। सेमिनार का संयोजन डा. जयविंद्र शास्त्री ने किया, जबकि मंच संचालन का दायित्व डा. रुचि भारद्वाज ने निभाया।

कार्यक्रम में विद्यार्थियों को नशे के दुष्प्रभावों, इसके सामाजिक और शारीरिक नुकसान तथा इससे बचने के उपायों के बारे में विस्तार से

112 पर काल कर ले सकते पुलिस सहायता

जानकारी दी गई। एसपी सोनाक्षी सिंह ने नशे के कारण युवाओं के जीवन पर पड़ने वाले नकारात्मक प्रभावों को उजागर किया। उन्होंने कहा कि नशा केवल व्यक्ति के स्वास्थ्य को ही नहीं, बल्कि उसके सामाजिक और पारिवारिक जीवन को भी प्रभावित करता है। उन्होंने विद्यार्थियों से अपील की कि वे खुद को नशे से दूर रखें और अपने आसपास के लोगों को भी जागरूक करें। उन्होंने विद्यार्थियों को किसी भी परिस्थिति में मुसीबत के समय पुलिस सहायता प्राप्त करने के लिए आवश्यक हेल्पलाइन नंबर 112 व

1930 भी बताए।

प्राचार्या डा. तनाशा हुड्डा ने कहा कि नशा मुक्ति के लिए समाज के हर वर्ग को जागरूक होना आवश्यक है। उन्होंने इस तरह के कार्यक्रमों को और अधिक बढ़ावा देने की जरूरत पर जोर दिया। पुलिस विभाग से एसआई अमित कुमार ने भी विद्यार्थियों को साइबर क्राइम विषय पर संबोधित किया और रोड सेफ्टी के बारे में महत्वपूर्ण जानकारी दी। उन्होंने छात्रों को साइबर अपराधों से बचाव के उपायों से अवगत कराया और सुरक्षित ऑनलाइन व्यवहार अपनाने की सलाह दी। इस अवसर पर सफीदों शहर थाना प्रभारी दिनेश कुमार, रीना रानी और मंजू रानी ने भाग लिया।

बुधवार WEDNESDAY, 5 मार्च 2025

शहर की गतिविधियां

विद्यार्थियों ने बनाई प्लास्टिक से अद्भुत कलाकृतियां

प्लास्टिक की कलाकृतियों को प्रदर्शित करते हुए छात्र-छात्राएं।

सफीदों, 4 मार्च (प्रवीन) : राजकीय महाविद्यालय सफीदों के विज्ञान संकाय के छात्रों ने प्लास्टिक के पुनः उपयोग को बढ़ावा देने के उद्देश्य से अनोखी कलाकृतियां तैयार कीं। कार्यक्रम की अध्यक्षता प्राचार्या डा. तनाशा हुड्डा ने की।

विद्यार्थियों ने प्लास्टिक कचरे से बेहतरीन और रचनात्मक कलाकृतियां बनाकर प्लास्टिक के पुनर्चक्रण और उसके उपयोग के नए तरीकों के बारे में विस्तार से बताया।

इस मौके पर महाविद्यालय में एक प्लास्टिक पार्क की नींव भी रखी

गई। प्राचार्या ने कहा कि हमारा उद्देश्य केवल शिक्षा प्रदान करना ही नहीं, बल्कि विद्यार्थियों को पर्यावरण प्रति जिम्मेदारी की भावना विकसित करना भी है। यह पहल प्लास्टिक कचरे के प्रभाव को कम करने और उसके रचनात्मक उपयोग को प्रोत्साहित करने की दिशा में एक महत्वपूर्ण कदम है।

इस अवसर पर डा. प्रदीप शर्मा, डा. रणवीर यादव, डा. हरिओम, डा. मंजीत, डा. अनिल, ज्योति कवल, रीनू व डा. रुचि भारद्वाज विशेष रूप से मौजूद रहे।

आधुनिक तकनीक की जानकारी दी

विद्यार्थियों को संबोधित करते कंपनी के निदेशक राकेश। संवाद

सफीदों। राजकीय स्नातकोत्तर महाविद्यालय व मेटावर्स कंपनी के बीच समझौता (एमओयू) हुआ है।

इस मौके पर कंपनी के निदेशक राकेश और महाविद्यालय प्राचार्य डॉ. तनाशा हुड्डा विशेष रूप से उपस्थित रही।

कंपनी के निदेशक राकेश ने विद्यार्थियों को आधुनिक तकनीक की जानकारी दी। प्राचार्य डॉ. तनाशा ने कहा कि समझौते का उद्देश्य विद्यार्थियों को नवीनतम तकनीकी कौशल, विशेषकर मेटावर्स और एआई का प्रशिक्षण देना है। संवाद

राजकीय महाविद्यालय सफीदों और रास कला मंच के मध्य हुआ एम.ओ.यू. हस्ताक्षर विद्यार्थियों को मिलेगा कला प्रशिक्षण और इंटरशिप का अवसर

एम.ओ.यू. पर हस्ताक्षर करते हुए।

सफीदों, 2 मई (प्रवीण): राजकीय महाविद्यालय, सफीदों और क्षेत्रीय सांस्कृतिक संगठन रास कला मंच के बीच आज एक महत्वपूर्ण समझौता ज्ञापन (एम.ओ.यू.) पर हस्ताक्षर किए गए। यह समझौता कला, संस्कृति एवं शिक्षा के क्षेत्र में परस्पर सहयोग को सुदृढ़ करेगा।

यह एम.ओ.यू. महाविद्यालय की प्राचार्या डॉ. तनाशा हुड्डा और रास कला मंच के निदेशक रवि मोहन के मध्य सम्पन्न हुआ। इस गरिमामयी अवसर पर उपप्राचार्या डॉ. सरला सहारावत, बर्सर डॉ. बलविंदर, डॉ. प्रवीण शर्मा, श्रीमती मंजू देवी और डॉ. रूचि भारद्वाज की विशेष उपस्थिति रही।

डॉ. तनाशा हुड्डा ने इस पहल को महाविद्यालय के विद्यार्थियों के समग्र विकास

की दिशा में एक मील का पत्थर बताया। उन्होंने कहा कि इस साझेदारी से छात्रों को रंगमंच, अभिनय, संगीत एवं लोककलाओं में विशेषज्ञों द्वारा प्रशिक्षण प्राप्त होगा, जिससे उनमें आत्मविश्वास, प्रस्तुति कौशल और रचनात्मकता का विकास होगा।

उन्होंने यह भी बताया कि नई शिक्षा नीति 2020 के तहत अब महाविद्यालय के छात्र-छात्राएं रास कला मंच में इंटरशिप भी कर सकेंगे, जिससे उन्हें क्षेत्रीय सांस्कृतिक विरासत को अनुभवात्मक रूप से समझने का अवसर मिलेगा। रास कला मंच के निदेशक रवि मोहन ने इस सहयोग को शिक्षा और संस्कृति के बीच एक सेतु बताया और कहा कि मंच नवोदित प्रतिभाओं को मंच प्रदान कर उनके कौशल को निखारने के लिए प्रतिबद्ध है।

ENGLISH

Editorial

Dear students,

The college magazine of an institution provides its students with a very good opportunity to express their views in foreign as well as native languages. Some of the students choose verse as a form of expression while the others opt for the prosaic form. Whatever the mode of expression - the young writers are provided with a very good platform for their maiden attempt in the field of creative writing.

The college magazine is an annual publication. The college magazine plays a very important role in education. It consists of various articles written by teachers and students. It reflects the literary taste. The principal of the college is the chief patron of the magazine.

It is only during the three years in a college, that a student can build or undo his career as well as life. Some students work hard while others slup, and success belongs to the students belonging to the first category only.

Always remember that, "yesterday is a cancelled cheque, tomorrow is a promissory not; today is the only cash you have. So spend it wisely." Therefore work diligently and be successful.

Dr. Sunil Devi
Extension Lecturer,
Dept. of English

LIFESTYLE AND WELLNESS

Meant a healthy lifestyle:- A good and healthy lifestyle does mean not only a disease-free life but also a life where one has mental peace and is in a state of complete social well-being. A healthy lifestyle involves making conscious choices to promote well-being, encompassing physical activity, balanced nutrition, sufficient sleep, stress management and avoiding harmful habits like smoking and excessive alcohol consumption.

The art of balanced living:- In today's paced world, achieving a balanced lifestyle can feel like an elusive dream. With work, social obligations and personal responsibilities constantly vying for our attention, It's no wonder stress levels are at an all-time high. However, finding harmony between our physical, mental and emotional well-being is not only possible but essential for fulfilling life.

Prioritizing self-care:- One of the most effective ways to maintain balance is by making self-care a priority. Self-care isn't just about spa days and bubble baths; it's about nurturing yourself in meaningful ways. This can include establishing a morning routine that sets a positive tone for the day practicing mindfulness to reduce stress, or dedicating time to hobbies that bring joy and relaxation.

Mindful living being present in the moment:- Mindfulness is more than just a trend. It's a proven practice that can improve mental clarity and reduce anxiety. Whether it's through meditation, deep breathing exercise or simply taking a few moments to disconnect from digital distractions, being present can significantly enhance your overall well-being.

Balancing work and personal life:- With remote work becoming the new normal boundaries between professional and personal lives are increasingly blurred. To maintain balance, establish a dedicated workspace set clear working hours and avoid bringing work stress into your personal time. Prioritizing downtime helps recharge your mind and body, making you more productive in the long run.

Why it matters:- Living a balanced lifestyle and focusing on wellness can lead to:

Reduced risk of chronic diseases.

Greater life satisfaction and mental clarity.

More energy and focus for daily tasks.

Healthier coping mechanism for challenges.

Wellness tips:-

Start small:- Begin with one or two changes to your daily routine and gradually build up to more.

Find what works for you:- Experiment with different self-care activities exercise routines, and relaxation techniques to find what works best for you.

Make it a habit:- Incorporate wellness activities into your daily routine such as right after waking up or before bed.

Seek support:- Surround yourself with people who support and encourage your wellness journey.

The Future of Artificial Intelligence: Shaping Tomorrow's World

Artificial Intelligence (AI) has evolved significantly over the past few decades, transforming industries, economies, and societies. What was once a concept confined to science fiction is now a key driver of innovation and progress across multiple sectors. From healthcare to entertainment, AI is already making a tangible impact, and its potential is seemingly limitless. As we look toward the future, AI promises to usher in a new era of possibilities, but it also raises profound questions about ethics, privacy, and employment. So, what does the future hold for AI?

Advancements in AI: What Lies Ahead?

AI's future is primarily shaped by ongoing advancements in machine learning, deep learning, and neural networks. These technologies enable computers to learn from data, recognize patterns, and make predictions or decisions without human intervention. In the near future, we can expect AI to become even more integrated into daily life.

Automation and Workforce Transformation

One of the most significant changes will be in the workplace. AI-powered automation is already streamlining manufacturing processes, and in the future, it will likely extend to industries like finance, retail, and customer service. Jobs that involve repetitive, manual tasks may be replaced by robots or AI systems capable of handling more complex functions. While this could lead to greater efficiency and lower costs, it also raises concerns about job displacement. However, experts predict that AI will not only eliminate certain jobs but also create new opportunities in fields such as AI development, data science, and robotics.

AI in Healthcare: A Revolution in Medicine

The healthcare sector is poised for a dramatic transformation with AI at the helm. AI's ability to analyze vast amounts of medical data quickly and accurately could lead to earlier diagnoses, personalized treatment plans, and more effective drugs. In fact, AI is already being used to identify patterns in medical imaging, predict patient outcomes, and even assist in surgery. In the future, AI-powered diagnostic tools may become commonplace, helping doctors make more informed decisions and enabling people to access healthcare more efficiently.

Conclusion: A Double-Edged Sword

The future of AI is undoubtedly exciting, with the potential to revolutionize every aspect of society, from healthcare and education to transportation and entertainment. However, as with any transformative technology, it comes with its challenges. Ethical considerations, privacy concerns, and the impact on employment will require thoughtful and collaborative approaches from governments, businesses, and civil society.

As AI continues to advance, it is important to ensure that it is developed in a way that benefits all of humanity, ensuring that its potential is harnessed for good. The future of AI is still unfolding, but one thing is certain: it will shape the world in ways we can only begin to imagine.

ROLL OF EDUCATION SYSTEM

The education system plays a crucial role in shaping the future of society. However, many countries around the world suffer from an education system that is flawed and inadequate, limiting the potential of future generations. A bad education system can have lasting negative effects on individuals, communities, and the economy. Below is an exploration of some key issues contributing to a subpar education system and the resulting consequences.

1. Lack of Resources and Funding

One of the primary issues facing education systems, particularly in developing countries, is the lack of proper resources and funding. Schools often lack basic supplies such as textbooks, computers, and other teaching tools. Teachers are often underpaid and overworked, leading to burnout and poor teaching quality. Without adequate funding, schools cannot maintain infrastructure, provide extracurricular activities, or keep up with modern educational standards.

2. Overcrowded Classrooms

In many parts of the world, classrooms are overcrowded, with teacher-student ratios that are far too high. This makes it difficult for teachers to provide individualized attention to students. Overcrowded classrooms can also lead to disruptive behavior and lower levels of engagement, as students may feel neglected or frustrated.

3. Outdated Curriculum

A bad education system is often characterized by an outdated and rigid curriculum that fails to meet the needs of modern society. In some cases, the curriculum is focused on rote memorization, with little emphasis on critical thinking, creativity, or problem-solving skills. This kind of education is ill-suited for preparing students to adapt to an ever-changing job market and societal needs. Additionally, many curricula fail to teach life skills, such as financial literacy, emotional intelligence, and communication.

4. Inequality and Discrimination

In many countries, there is a significant disparity in the quality of education available to different groups. Students from poorer or rural backgrounds often attend schools with fewer resources and lower-quality teaching. This perpetuates cycles of poverty and inequality, as these students are not given the same opportunities as their wealthier counterparts. Discrimination based on race, gender, and disability can further limit opportunities for many students, leading to a system that favors the privileged and marginalizes the disadvantaged.

5. Standardized Testing Overload

Many education systems place an overemphasis on standardized testing as a measure of student success. This focus on test scores can create a stressful environment for both students and teachers, leading to a narrow, test-centric approach to learning. Students may become more focused on memorizing information to pass exams rather than gaining a deep understanding of the material. This "teach-to-the-test" mentality undermines the broader goals of education, such as fostering critical thinking, creativity, and a lifelong love of learning.

6. Lack of Teacher Support and Training

Teachers are at the heart of any education system, but in many cases, they are not given the proper support or training to succeed in the classroom. Teachers often lack professional development opportunities, access to teaching resources, and adequate time to plan and reflect on their work. Without ongoing support, teachers can become demotivated, leading to high turnover rates and inconsistent teaching quality.

DARK VS. LIGHT

The never ending battle between light and dark...
Never lost, never won...
Sides change ever...
People die and people are born...
But still life goes on...
For death may be...
And dark may seem to gain power...
Still life and light goes on...
For even in the darkest of places light can be found...
In one's heart and one's soul...
It is simply a case of finding balance...
Forever yin and yang...
Your choices determine your fate...
Just as all change the word...
No matter how small a life...
Things are altered...
But still life goes on...
Somewhere, somehow
Life will always be...
For death is a passing from one life to a next...
Sad but, uplifting...
In the end souls drift to the skies...
Sparkling points above...
Eternally dancing in the heavens..!!!
THANK YOU...

ENVIRONMENTAL SUSTAINABILITY

Environmental sustainability is about ecological balance. It refers to the practice of managing natural resources responsibly. We have to ensure that our current needs are met without compromising the ability of future generations to access those same resources.

It's aim is to maintain a balanced ecosystem and protect biodiversity through practices like reducing pollution, conserving energy, and promoting renewable sources.

We have to protect our natural resources for survival because they are essential for our life. We have to take proper care of resources like water, trees, forests, sunlight etc.

We can protect our environment by following several things:

1. By growing more and more trees.
2. By using solar panels.
3. By producing less waste.
4. By collecting rainwater etc.

“Change is a nature of life;

But challenge is an aim of life.

So always challenge the change;

Not change the challenge.”

By making some changes in our daily activities, we can contribute a little to the environment.

Thank you.

MY OWN KIND OF LOVE

I am in love with myself, Because everyone is busy in themselves.

No one can tolerate or fix you except your mother,

No one can fulfill your needs or weaks except your father.

No one is there in your difficult situation, You should have your own self validation.

At a passage of time everyone is to get tired, Everything in your life seems like its hired.

People get bored of those who were once beloved, Everyone's heart is filled by overloved.

No one can understand your emotions better than your mother,

No one can understand your good and bad better than your father.

Give priority to your family, or time will run out,

The clock is ticking, hear its shout.

MY COLLEGE

I am a student of Govt. P.G. College, Safidon. It is one of the oldest and the best colleges in Jind. There are about many rooms in my college. There are also large halls in which our general classes are held. There are about 100 teachers in my college. Our Principal is a very strict woman.

There are about two thousand student in my college. There is a study atmosphere in my college. There are three playgrounds in my college. We get all facilities in our college. The library of my college is rich and we can get here most of the books of our need.

College life is one of the most memorable experience of my life. It is totally different from school life. It is a mixture of happiness, enjoyment, hard work and struggle. However, its duration is short as compared to school life. It is a place where we get a little more mature than we were during school time. College life experience make a person stronger to fight his own battles. A person starts to feel independent once he enters college and his confidence grows. It is a better platform to prove ourselves. The college is a place where we go for receiving formal education after completing the school education. I feel so lucky that I have successfully completed my school education with recognition and good results. Now I am a college student. The name of my college is Government P.G. College, Safidon (Jind). It is situated in one side of the city with an area of 600 acres. Our college has a reputation for rendering education in science, arts and commerce groups. The big spacious campous is adorned with natural beauty which gives a peaceful atmosphere congenial for studying. Our college has a name and fame for its discipline. The college has all the modern equipments and arrangements to supports students in their co-curricular activities.

The teaching staff are very helpful, friendly and supportive to the students. So, there is a wonder that the students of our college make good results in public examination.

“I am proud of being a student here.”

POLLUTION

“I have to tell you the story of nature. I have to narrate it to you in everyone’s words. There are some unique things about our environment and I need to explain their importance to you. What do you know about the harm caused by what you’re doing for your own pleasure?

You’ll have to pay for the consequences of this too, won’t you? Just... try reducing the pollution you’ve spread, even once. Will you gain something from this perhaps?

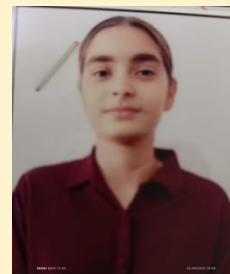

By spreading air pollution, you’re only harming yourself – don’t you even realize this much?

You people have also ruined the state of water; the creature living in it must be cursing you too. You might claim to love God greater than this (nature) even appeared to you?

What do you gain by causing so much damage to the environment?

Don’t you ever feel even a bit of regret...?”

EDUCATION

Education is the foundation upon which an individual builds their life. It is the key to unlocking the doors of opportunity and accessing a word of knowledge and understanding. Education is not just about acquiring academic qualifications. It is about developing skills, values and attitudes necessary to succeed in life. Education plays a vital role in shaping the minds of individuals and preparing them for challenges of the future. It helps to develop critical thinking, problem-solving and communication skills, which are essential for success in all areas of life. Education also fosters creativity, innovation and entrepreneurship, which are critical for economic growth and development.

There are various types of education, including formal, informal and non-formal education. Formal education takes place in schools and universities and follows a structured curriculum. Informal education occurs outside the formal education system and can include learning through experience, observations and interactions with others. Non-formal education is a type of education that is structured but does not follow a traditional curriculum. Education teaches us to be polite. An educated person always respected everywhere. People treat him well in the society. Education is a vital component of individual and societal development. It provides individuals with the skills knowledge and values necessary to succeed in life and contributes to the economic, social and cultural development of societies. Despite the challenges facing the education sector, it is essential that we continue to prioritize education and work towards ensuring that all individuals have access to high-quality educational opportunities.

COLLEGE LIFE

College nahi college ki yaadie yaad aati hain,
Doston ke sath ki masti yaad aati hain,
Jab din chadta hai roshani chehre pe aati hai,
Fir wo college ki yaadein zahen me aajati hain,
Kar doston ko yaad ankhe bhar aati hain,
Kya btau yaaron wo college ki yaadein bhut aati hain,
Kya btau jab chupta hai wo chand raat andhere me ghir jati hai,
Fir un doston ki yaad aati hain,
Jab nai kali pushp ban chaman ko makhaati hai,
Woo college ki pakki dosti thode smye me yaadien ban ke rahh jati hain,
Orr haan khabhi kabhi woo zhund me khana yaad aata hain, Ek sath ghr jana yaad aata hain,
Jaise kaise wo B.A.(Eng. Hons) department wale bade yaad aate hain,
Par aaj bhi wo college bada yaad aata hain.

JOURNEY TOWARDS EXCELENCE

A B.A.(HONS.) in English equips students with valuable communication, critical thinking, and analytical skills, making them well-prepared for a variety of careers and future studies, while also fostering a love for literature and language.

College Experience: A deep dive into the B.A.(Hons.) English Journey –

A B.A.(HONS.) in English provides more than just a degree; It's a transformative journey of intellectual exploration, skill development, and personal growth, focusing on literature, language, and critical analysis.

Key experiences:

1. **Immersive study:-** Students delve into diverse literary periods, genres, and critical theories, fostering a profound understanding of English literature and its cultural significance.
2. **Communication and critical thinking:-** The curriculum emphasizes developing strong communication skills, both written and verbal, and cultivating critical thinking and analytical abilities through essay writing, presentation, and discussion.
3. **Broadened perspective:-** Beyond the formal course work, students often engage in extracurricular activities like debating societies, library clubs, and internships, broadening their perspectives and enriching their college experience.

Beyond the classroom:

1. **Networking and Mentorship:-** Many colleges and universities offer networking opportunities and mentorship programs that can help students connect with professionals in their field and gain valuable insights into potential career paths.

Conclusion:- A B.A.(HONS.) in English offers a holistic educational experience that not only provides a strong foundation for future careers but also nurtures a love for learning, critical thinking, and effective communication, preparing students for success in a diverse and dynamic world.

A JOURNEY OF RESILIENCE, GROWTH AND POSSIBILITY

At 21 years old, my journey has been defined by passion, and the drive to carve out my own path in the world. Coming from a middle-class family has not only instilled in me a strong work ethic but has also gifted me with the values of simplicity, resourcefulness, and deep gratitude for every opportunity. My academic pursuit through a Bachelor of Arts (Eng. Hons.) has been both a mirror and a window – reflecting my inner ambitions and exposing me to the vast world of ideas, culture and critical thinking.

Studying in a B.A.(Eng. Hons) programs has been exhilarating journey into the realms of literature, philosophy, and the social sciences. Each subject has offered me a different lens through which to view the world, nurturing my curiosity and encouraging me to question established norms through essays, debates, and research projects; I learned the art of expressing my thoughts clearly and confidently – a skill that will serve me well in all walks of life.

Beyond the classroom, my experiences as a student has been enriched by the dynamic campus. Enjoying with peers from varied backgrounds, participating in extracurricular activities, and taking part in community initiatives have all contributed to shaping my identity. Every friendship and every challenge faced in college has been a lesson in resilience and adaptability.

I am also continually inspired by the transformative power of art, literature, and dialogue. They provide an escape, a way to understand the complexities of the human experience, and fuel my desire to learn more about the world. My studies have not just been an academic pursuit but a journey of personal discovery, urging me to understand who I truly am and what I aspire to become.

Looking forward, I see my education as a launchpad to a future filled with endless possibilities – a future where my background becomes a source of strength and where every classroom lesson paves the way for real-world impact. I hold onto the belief that curiosity and hard work, when combined with the values ingrained in me from my middle-class roots, will lead to my community but to the world at large.

In essence, my story – a narrative of a young student from a humble background reaching for the stars – is a testament to the strength found in perseverance and the beauty inherent in lifelong learning. Everyday is a new page, and I eagerly look forward to writing the next chapter of my life with the passion and determination that has guided me thus far.

HINDI

सम्पादकीय

प्रिय साथियों, मित्रों और दोस्तों,

आत्मविश्वास अर्जित किया जा सकता है।

हम इस संसार में आते हैं तो तब हमारे साथ आत्मविश्वास नहीं होता। उसे हम अपने तौर तरीकों और ज्ञान से सीखते हैं या कहें कि अर्जित करते हैं। अर्जित करने के बाद यह हमारे हाव भाव-से व्यक्त होता है। अर्जित करने और व्यक्त करने में जो भाव है वह ही तो आत्मविश्वास है। जो व्यक्ति प्रवेश करते हुए। अपने प्रति आश्वस्त होते हैं उन्हें हम शक्तिशाली कहते हैं परंतु सच यह है कि जहां वह खड़े हैं उसी जगह पर अधिकार व्यक्त करने का उनका तरीका असल में आत्मविश्वास ही है आत्मविश्वास की पहचान होती है सर ऊंचा -, कंधे तने, चेहरा विश्वास से भरा, नजर सामने, माथे पर कोई बल नहीं। ऐसी चाल सधी हुई जो ने तो बहुत तेज और ने ही बहुत धीमी होती है। आत्मविश्वास में हड़बड़ाहट की कोई जगह नहीं है।

आत्मविश्वास के अनुसार अपने आप को महत्व देना सबसे पहले शामिल होता है। हावभाव-, ज्ञान, समय और शब्दों पर जबरदस्त पकड़ होती है। ऐसे व्यक्ति अपने प्रति आश्वस्त रहते हैं, वे जिज्ञासा से जुड़े रहते हैं। वे ज्ञान हासिल करते हैं। उनके पास शब्दों की कोई कमी नहीं होती। वे बार बार किसी बात को नह-ीं दोहराते। अपनी बात को सटीक शब्दों में कहकर निवृत्ति हो जाते हैं। जो सहमत होते नहीं, उनके पीछे अपना समय नहीं गवाते। वे जानते हैं कि जैसे वह खुद के साथ पेश आते हैं वैसे ही दुनिया भी उनके साथ पेश आएगी। इसलिए खुद के प्रति सजग लोग अपनी हर कौशल हर गुण को तरसते रहते हैं।

आत्मविश्वास सीखा, अपनाया और बढ़ाया जा सकता है। आसान है खुद को वैसे-ही रखें और हर पल वैसे ही दिखाई जैसे आप अपने किसी आदर्श व्यक्ति को देखते हो।

डॉ. शील आर्य

**विस्तार व्याख्याता, हिंदी विभाग
स्टाफ एडिटर**

जाति, धर्म, भाषा के झगड़े,
ये अपनी पहचान नहीं हैं।
भाई-ही-भाई का दुश्मन
ये अपना हिंदुस्तान नहीं हैं॥

आज भी जनता भूखी सोती
ये कैसी आजादी है?
बिलख बिलखकर बेटी रोती
ये कैसी आजादी है?
जहाँ नारी पूजी जाती थी
अब नारी का सम्मान नहीं है।
भाई-ही-भाई का दुश्मन
ये अपना हिंदुस्तान नहीं हैं॥

जहाँ धरती पुत्र चीर कर धरती
बढ़िया फसल उगाते हैं।
वे धरती पुत्र बिना बजह
सड़कों पर मारे जाते हैं।
उग्रवाद का जनक बताते
कहते हैं ये किसान नहीं हैं।
भाई-ही-भाई का दुश्मन
ये अपना हिंदुस्तान नहीं हैं॥

पढ़-लिखकर इस देश के युवक
दर-दर की ठोकर खाते हैं।
अनपढ़ नेता इन बच्चों पर
बैठे हुक्म चलाते हैं।
जनता रहती ठगी-ठगी सी
दिल में कोई अरमान नहीं।
भाई-ही-भाई का दुश्मन
ये अपना हिंदुस्तान नहीं हैं॥

भ्रष्टाचार, रिश्त खोरी का
चारों ओर मचा शोर है।
चोर-चोर मौसेरे भाई
कोई छोटा, कोई बड़ा चोर है।
कोई लुटता, कोई लूट रहा है
बचा कोई इंसान नहीं है।
भाई-ही-भाई का दुश्मन
ये अपना हिंदुस्तान नहीं हैं॥

कविता:- सलामत रहे देश हमारा

वीरों की धरती, बलिदानों की शान
शहीदों के कारण महकता हिंदुस्तान
रक्त से लिखी जो गाथा अमर,
हर दिल में गूंजे वो एक ही स्वर।

मां की ममता छोड़ी थी जिसने,
हंसते-हंसते गोली खाई उसने
भारत माता के चरणों में सो गए,
देश की खातिर जीवन खो गए।

तिरंगा ओढ़े जब वीर चले,
धरती रोई, अंबर झले।
लेकिन आंखों में था उजियारा,
मातृभूमि का बना सहारा।

शहीद की कुर्बानी याद रहे
हर पिढी का ये फर्ज रहे।
रहे सलामत ये देश हमारा,
वीरों का हो सदा सहारा ॥

पापा से जीवन

पापा, आपकी याद मुझे अनमोल होने का अहसास कराती है।

जो दी थी हिम्मत आपने मुझे जग जितने का विश्वास दिलाती है।

देते जो हमेशा सीख मुझे, आदमी से इंसान बनती है।

कैसे बताऊं पापा, मुझे आपकी कितनी याद आती है।

लगाते जो डांट मुझे, नित नई राह दिखाती है।

पापा आपकी सूरत मुझे, मेरी पहचान बताती है।

कैसे बताऊं पापा आपकी याद मुझे, कितना रुलाती है।

(सच
 खों झूठ बोलकर एक सच को छुपा दिया तुने
 खुद को खुदा बनाकर मुझे गलत ठहरा दिया तुने,
 इस जमाने की अक्सर लंबे समय से,
 चलती आ रही कहानी है।
 सच को छुपा कर झूठ को जीताने की
 लोगों ने यह ठानी है।
 क्या जनाब इतना झूठ का घमंड है क्यों,
 सच को कोई बदल न सका,
 झूठ के पैर कहा।
 झूठ तो इतना बोल दिया तुमने,
 पर सच सुनने की हिम्मत है तुम में
 तुमने झूठी कहानियां सुनकर खेली
 एक बाजी हैं
 एक कड़वा सच सुनना तेरे लिए,
 अब भी बाकी है।
 झूठ बोलकर इतना इतराते हो,
 सच से मुंह क्यों छुपते हो।
 हो गई अब तेरी खत्म कहानी,
 टूटा मेरा सब्र और विश्वास।
 तू हैं आज़ाद,
 जा कर अपनी मनमानी।
 समय से पहले तूने इतना
 तोड़ दिया।
 अब वक्त ने एक नया
 मोड़ लिया।
 लाखों झूठ बोलकर एक सच को छुपा,
 दिया तुने,
 खुद को खुदा बनाकर मुझे गलत
 ठहरा दिया तुने।

: - भावना सिंघानिया

ज़िंदगी

'ए' ज़िंदगी मत कर इतने सितम मुझ पर
 'अभी तो नादान हूं मैं।
 दर्द इतना है इस ज़िंदगी में,
 कि बहुत परेशान हू मैं।
 कभी कभी तेरे जुल्म और सितम से,
 इस क़दर टूट जाती हूं।
 टूटकर बिखर जाती हूं इस क़दर,
 खुद को सभाल नहीं पाती हूं।
 रो रो कर यह दास्तां कहती हूं,
 पर ना जाने फिर भी कितनी,
 तकलीफें सहती हूं,
 ज़िंदगी में आगे बढ़ते क़दम,
 यह सिखाते है।
 ज़िंदगी बड़ी मुश्किल है आसान नहीं,
 इसमें लाखों मोड़ आते हैं।
 कभी कभी खुशी कभी कभी ग़म,
 ये हैं तेरे सितम
 ना कर इतने सितम अभी नादान हूं
 मैं,
 'ए' ज़िंदगी दर्द इतना है कि बहुत
 परेशान हू मैं ।।

: - भावना सिंघानिया

एक कोशिश फिर कर ली जाए क्या?
इस अधहर से उठकर उस अनंत मे समाने की।
एक कोशिश फिर कर ली जाए क्या?
आज खुद को आजमाने की॥

जानता हूँ तू रूठ चुका है
दुनिया से नाता टूट चुका है
हृदय पर हुए आघात अनंत
जीवन का मोह भी अब छूट चुका है॥

मगर डुबने के डर से, सागर में जो उत्तरा नहीं..
तेरा कौन किनारा होगा?
सोच ज़रूर, खुद से ही हार गया अगर,
तेरा कौन साहारा होगा?

अब उठ हे कल्युग के अर्जुन,
रास्ते में आए रुकावटे लाख सही,
देह का दामन छोड़ दे अंतिम श्वास सही।
सपनों के बिन भी क्या जिन्दा रह पाएगा?
पिंजरे मैं कैद होकर भी क्या वहीं परिंदा रह पाएगा?
तोड़ जंजीरे पिंजरे की लगा ले हृदय से इस क्षोभ को,
तेरी ठोकर लगी जिस पत्थर पर-वो पत्थर भी मूर्त बन जाएगा।
जितना अधिकार बाज का है उस आभामंडल पर
उतनी ही आजादी है चिड़िया को भी अपना प्रचम लहराने की।

एक कोशिश फिर कर ली जाए क्या?
इस अधहर से उठकर उस अनंत मे समाने की।
एक कोशिश फिर कर ली जाए क्या?
आज खुद को आजमाने की॥

M.Sc. Geo 1st Year, Roll No. 224264006

बहुत कम लिखा है उसे नारी के बारे में,
जो भूमिका सबसे अहम निभाती है।
मां से भी बढ़कर मां होती है वो यूँ ही नहीं दादी मां कहलाती है।।

बचपन बिता गोद में उसकी,
फिर रखा पर जवानी में। साथ-साथ उम्र बढ़ी उसकी भी
आ गया बुढ़ापा देखो उस मर्दानी में ।।

धीरे-धीरे जकड़ गई फिर चारपाई के उसे पिंजरे में
मानो रणभूमि जीत कर हो खुद से ही वह हार गई ।
फिर कोख से जन्मे लालों के स्नेहा को क्रोध में बदलते देखा, शायद यही पीड़ा आज एक और दादी मां को मार गई।।

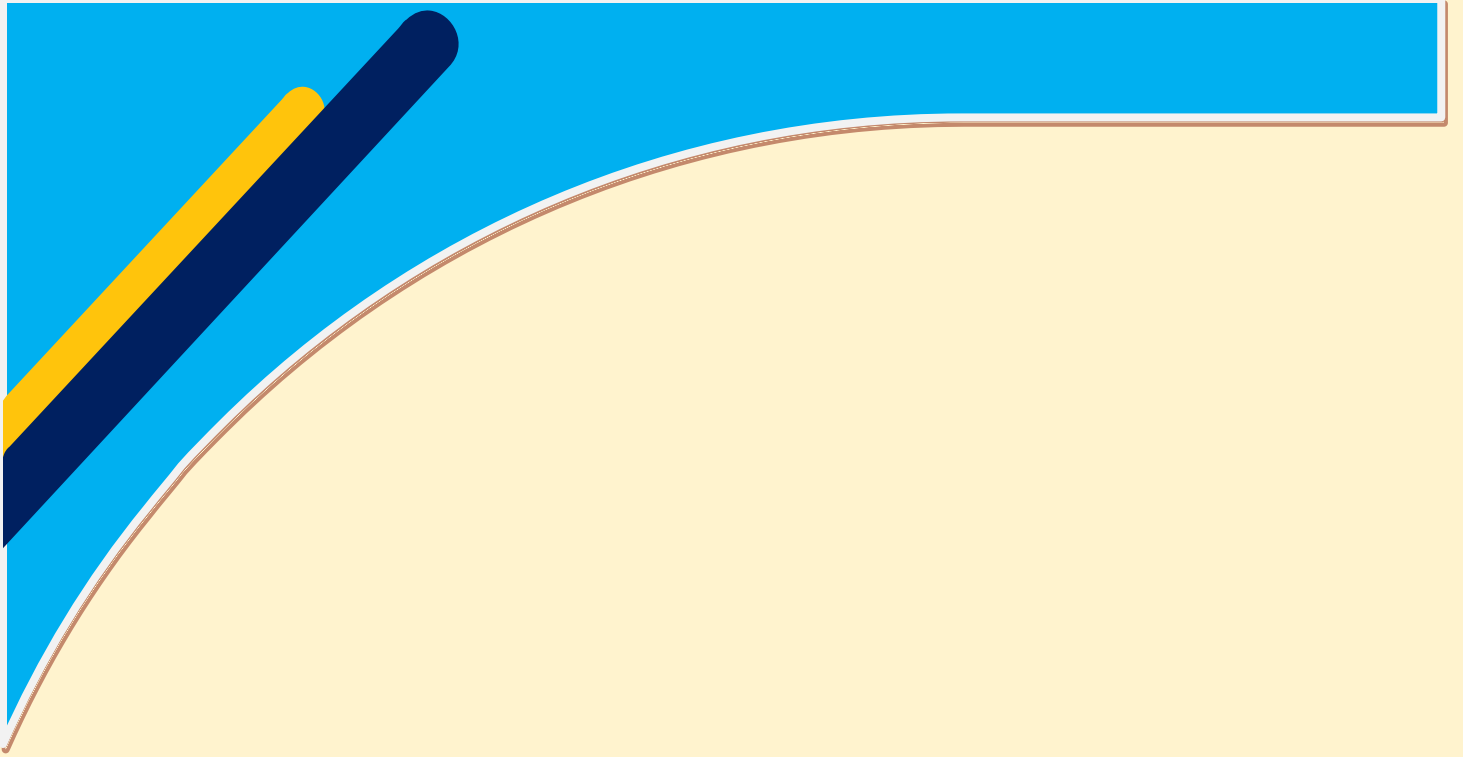

न जाने लौट कैसे बचपन आया सब में
सब फिर दादी दादी चिल्ला रहे। दादी के नैन इशारे से डरने वाले जाने क्यों आज उसे जोर-जोर से हिला रहे।।

पर वह तो मानो धरण कोई मौन व्रत कर बैठी है,
जो बार-बार चिल्लाने पर भी ना कुछ बोल रही ।
क्यों कुंभकरण से निद्रा में वह लीन हुई
आंसुओं से चेहरा भीग गया पर दादी आंखें ना खोल रही ।।

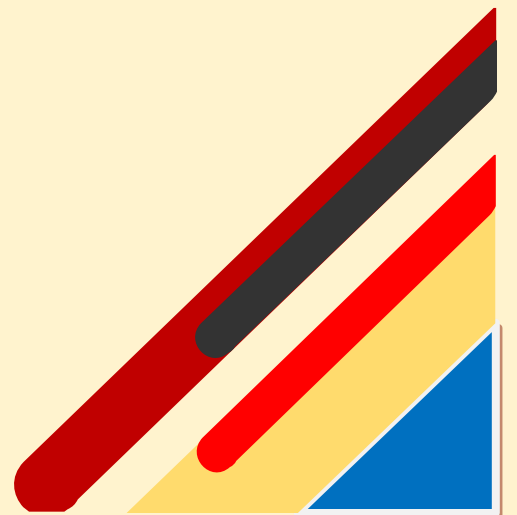

अंतिम समय में भी जिक्हा थी हिल रही
जाने क्या मन में रह गया जाने क्या वह कहना चाहती है ।

मां से भी बढ़कर मां होती है
वो यूँ ही नहीं दादी मां कहलाती हैं।।

COMMERCE

Editorial

First of all, I'd like to extend my sincere congratulations to each and every one of you on the release of Satyambhara magazine. On behalf of the Department of Commerce, I would like to extend my sincere congratulations to the students who contributed their works to this magazine.

The field of commerce offers a variety of career options, including those for investment bankers, chartered accountants, retail managers, certified public accountants, actuaries, company secretaries, and financial advisors, among many others. I'd like to continue discussing my ideas about customer relationship management with you in this section. Customers are no less than god for any business entity because they are essential to its long-term survival, growth, and continual success.

How a business entity interacts with its customers determines its long-term survival, ability to grow profits consistently, and other factors succeed in preserving loyal and favorable relationships. It is unquestionably true that the customer rules the market, and a devoted customer is one who helps a business turn a profit. Nowadays, it has become very challenging to locate or recognize a devoted customer. Customer relationship management is a collection of strategies, plans, programs, etc. that concentrate on both finding and retaining devoted customers.

Information about the needs and requirements of the customers is gathered with the aid of customer relationship management. Additionally, it has successfully streamlined the sales process. There are primarily three components to it: 1. Customer 2. Relationship 3. Management.

There are numerous benefits to practicing customer relationship management for marketers, including the following: 1. Enables the business's long-term survival. 2. Beneficial in terms of enhancing consumer satisfaction. 3. Beneficial in recognizing loyal customers, and so on. Customer relationship management is important for customers also because it 1.assists in attaining a competitive advantage 2.The market's availability of low-cost items 3. A variety of discounts and concessions 4.A variety of after-sales services 5. A faithful bond between customer and vendor etc.

Ms. Manita
Asst. Professor
(Staff Editor)
Department of Commerce

SOURCE OF FINANCE

INTRODUCTION:

Finance means provision of money when it is required. Finance helps to carry on its operation and help to achieve its target. Finance is the life blood of an enterprise.

Capital can be classified into two parts:

- i. Fixed capital
- ii. Working capital

Various sources of finance

Ownership securities

- a. Equity share: Equity shares, also known as ordinary shares. The share holders are the real owner of the company. Equity shareholders are paid dividend after paying to preference share holders and the rate of dividends upon the profit of the company. The Equity shareholders take more risk as compared to preference shareholder's.
- b. Preference shares: Preference shareholder's have to the payment of dividend during the life-life of the company.

Type of preference shares:

- Cumulative preference shares
- Non cumulative preference shares
- Redeemable preference shares
- Irredeemable preference shares
- Participating preference shares
- Non participating preference shares

Debit capital:

Meaning of debt capital> debt capital instrument issued by company/organization for fulfilled financial requirement

How to work well together (Teamwork)

You all must know how much power there is in teamwork. All type of Business and professors cannot be completed without teamwork. Be it in any business or any field of life, teamwork is very important. If we don't have teamwork skills, our chances of being successful will be greatly reduced. Not only humans but also animals and birds know its importance. For example, you must have seen ants how they solve their biggest problems by doing teamwork. Teamwork is not a human invention, it has been going on for millions of years. We are social creatures and we must have this skill.

Let's learn a little about this skill:-

- 1) First of all, it is very important to have a leader in your team to control a team.
- 2) All team members should be aware of their work and responsibilities.
- 3) Respect all members and treat everyone equally.
- 4) Everyone should be listened too.
- 5) The goal should be clear.
- 6) Whenever you do teamwork, take all the members along.
- 7) Work in teamwork, as if you are doing something with your friends.

कॉलेज की लाइब्रेरी: ज्ञान का भंडार

कॉलेज लाइब्रेरी जो ककताबों के साथ-साथ ज्ञान का भंडार भी होती है जहां पर सभी बच्चे शांत से बैठकर पढ़ाई करते हैं वह नई-नई चीजों के बारे में सीखते हैं

कॉलेज लाइब्रेरी का महत्व

1. शांत माहौल कॉलेज लाइब्रेरी एक शांत माहौल होती है जहां पर बच्चा आराम से बैठकर अपनी पढ़ाई कर सकता है
2. कॉलेज लाइब्रेरी में बच्चे अपने दोस्तों के साथ ममलकर साथ बैठकर पढ़ाई कर सकते हैं जससे उसकी पढ़ाई में मन लगता है और उसे पढ़ने की आदत डल जाती है
3. अगर बच्चा ककसी चीज के बारे में गहराई से जानकारी लेना चाहता है तो कॉलेज में रखी ककताबों की सहायता से वह अपने ववषय के बारे में जानकारी प्राप्त कर सकता है
4. कॉलेज लाइब्रेरी ककताबों का प्रयोग करके हम नई-नई चीजों के बारे में जानकर अपने ज्ञान को बढ़ा सकते हैं

॥ लाइब्रेरी का सही उपयोग कै से करें ॥

लाइब्रेरी में शांति से बैठकर पढ़ाई करनी चाहिए
लाइब्रेरी में बैठकर मोबाइल फोन आदि का उपयोग कम करना चाहिए
लाइब्रेरी से निकलवाई गई किताबों को समय अनुसार जमा करवाना चाहिए
लाइब्रेरी में दोस्तों के साथ बैठकर पढ़ना चाहिए लेकिन शांति से बैठकर पढ़ाई करनी चाहिए

निष्कर्ष:

कॉलेज लाइब्रेरी एक ऐसा स्थान है जो छात्रों की शिक्षा और उनके ज्ञान के विकास में महत्वपूर्ण भूमिका निभाती है। इसका सही उपयोग करने से न केवल परीक्षा में अच्छे अंक लाए जा सकते हैं, बल्कि एक गहरी शिक्षा भी प्राप्त की जा सकती है।

ARTIFICIAL INTELLIGENCE IN BUSINESS

The Transformative Role of Artificial Intelligence in Business

Artificial Intelligence (AI) has rapidly evolved from a futuristic concept to an indispensable tool across industries. Its integration into business operations is reshaping how companies operate, make decisions, and deliver value to customers. From enhancing customer experiences to optimizing supply chains, AI's impact is profound and far-reaching.

1. Revolutionizing Customer Experience

AI-driven technologies like chatbots, virtual assistants, and personalized recommendation engines have transformed customer service. Companies such as Amazon and Netflix use AI to analyze user behavior, offering tailored recommendations that enhance engagement and satisfaction. Additionally, AI-powered chatbots provide 24/7 customer support, reducing wait times and improving service efficiency.

2. Data-Driven Decision Making

Businesses generate massive amounts of data daily. AI helps in analyzing this data to uncover insights that were previously impossible to detect. Predictive analytics, powered by AI algorithms, enable companies to forecast trends, assess risks, and make data-backed decisions. For instance, financial institutions use AI to predict market movements and optimize investment strategies.

3. Enhancing Marketing Strategies

AI revolutionizes marketing through hyper-personalization and automation. Machine learning algorithms analyze customer data to craft personalized marketing messages, improving conversion rates. Additionally, AI tools optimize ad placements, manage social media content, and even predict the effectiveness of marketing campaigns in real-time.

4. Optimizing Supply Chain and Operations

AI improves efficiency in supply chain management by predicting demand, optimizing inventory, and streamlining logistics. Companies like DHL and Walmart leverage AI for route optimization, reducing delivery times and costs. In manufacturing, AI-driven automation enhances production processes, reducing human error and increasing productivity.

Artificial Intelligence is no longer a mere technological trend; it's a strategic asset that drives innovation and competitiveness. Businesses that embrace AI effectively can achieve operational excellence, deliver superior customer experiences, and unlock new growth opportunities. As AI continues to evolve, its role in business will only become more critical, shaping the future of industries worldwide.

Make in India

"Make in India" is a wonderful program launched by the Government of India. It was introduced in New Delhi by Prime Minister Narendra Modi on 25th September 2014. The launch event took place at Vigyan Bhawan in New Delhi.

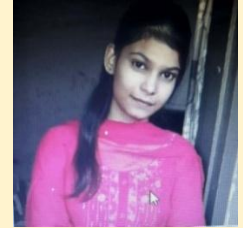

The "Make in India" initiative emphasizes that a country must produce its own products. The main objectives of this campaign are to boost the manufacturing sector, promote foreign investments in India, and reduce dependency on imports.

The symbol of this initiative is a giant lion with many wheels, representing courage, strength, tenacity, and wisdom. The aim of this project is to reduce unemployment in India and provide job opportunities to its people.

प्रेरणा के स्रोत: हमारे जीवन में आदर्शों का महत्व:

जीवन की इस टेढ़ी-मेढ़ी राह पर चलते हुए, हम अक्सर ऐसे लोगों की तलाश करते हैं जो हमें सही दिशा दिखा सकें, जो हमें प्रेरित कर सकें। ऐसे ही लोग हमारे 'आदर्श' कहलाते हैं। सीधे-सादे शब्दों में कहें तो आदर्श वह व्यक्ति होता है जिसकी हम प्रशंसा करते हैं और जिसके गुण, व्यवहार और सफलताएं हमें बेहतर बनने के लिए प्रेरित करती हैं।

ज़रूरी नहीं कि आदर्श कोई बेदाग सुपरहीरो या दूर का कोई मशहूर व्यक्ति हो। आपका आदर्श आपके माता-पिता हो सकते हैं जो हमेशा कड़ी मेहनत करते हैं, आपके शिक्षक हो सकते हैं जिन्होंने आपके अंदर सीखने की ललक जगाई, आपका दोस्त हो सकता है जो हमेशा दयालु रहता है, या फिर कोई ऐतिहासिक व्यक्ति हो सकता है जिसकी हिम्मत आज भी लोगों को प्रेरित करती है। आदर्श वह है जिसका हमारे ऊपर सकारात्मक प्रभाव पड़ता है, जो हमारे मूल्यों को आकार देता है, हमारे फैसलों को प्रभावित करता है और हमें अपने लक्ष्यों को प्राप्त करने के लिए प्रेरित करता है।

जरा सोचिए। जब हम किसी ऐसे व्यक्ति को देखते हैं जिसकी हम प्रशंसा करते हैं और जो मुश्किल हालात में भी ईमानदारी दिखाता है, तो हमारी अपनी ईमानदारी की समझा और हो हमें अपनी चुनौतियों का सामना करने की उम्मीद और लाक़्त मिलती है। जब हम किसी को अपने शौक को लगन से पूरा करते हुए देखते हैं, तो हमें भी अपनी इंचियों की तलाशने और अपने सपनों के लिए काम करने की प्रेरणा मिलती है।

Dosti (Friendship)

The journey together was for a few moments,
But even they were dismissed in disgrace.
We always stayed together in the same class.
Today, the days pass in their memories.
We made promises to stay together forever,
But as soon as school ended, everything vanished in an instant.
The series of memories remained easy with friends.
That we forgot everything except each other's memories.
We used to sit together on the bench with them,
Today, even meeting them is not acceptable.
We used to wait for each other at that time,
Today, we are not face to face with them.
Our names are still on that bench,
But the storm of seeing each other is no longer there these days.
We made promises to stay together forever,
But even meeting for a moment is not in our destiny today.

Environmental pollution, a critical challenge facing India and the world, refers to the contamination of our air, water, and land by harmful substances. Primarily driven by human activities, this pollution disrupts natural ecosystems and poses severe threats to human health and the environment. Industrial growth, a cornerstone of India's development, often leads to the release of untreated effluents and emissions, polluting rivers and the air. The heavy reliance on coal for power generation contributes significantly to air pollution, particularly in urban centers. Vehicular emissions, exacerbated by increasing urbanization and traffic congestion, further degrade air quality, causing respiratory problems. Agricultural practices, while vital for food security, can contribute through the overuse of chemical fertilizers and pesticides, contaminating soil and water sources. Improper disposal of solid waste, a growing concern in densely populated areas, leads to land and water pollution, posing health hazards and aesthetic degradation. The lack of adequate waste management infrastructure in many parts of India exacerbates this issue. The consequences of environmental pollution are far-reaching. India faces a significant burden of disease linked to air and water pollution. Agricultural productivity can be affected by soil and water contamination. The aesthetic and ecological value of natural resources diminishes.

सोशल मीडिया के बाद जीवनशैली में बदलाव

सोशल मीडिया ने आज हमारे जीवन के हर पहलू को गहराई से प्रभावित किया है, और हमारी जीवनशैली में भी एक बड़ा परिवर्तन लाया है। कभी चिट्ठियाँ और आमने-सामने की बातचीत से जुड़े रहने वाले हम, अब एक क्लिक पर दुनिया से जुड़ जाते हैं। इस बदलाव के कई सकारात्मक और नकारात्मक पहलू हैं।

जुड़ने का नया तरीका:

सोशल मीडिया ने लोगों के आपस में जुड़ने के तरीके को पूरी तरह से बदल दिया है। अब हम दुनिया के किसी भी कोने में बैठे व्यक्ति से आसानी से संपर्क कर सकते हैं। पुराने दोस्त मिल जाते हैं, नए रिश्ते बनते हैं। और समान विचारधारा वाले लोगों के समूह आसानी से बन जाते हैं। यह दूरियों को मिटाने और सामुदायिक भावना को बढ़ावा देने का एक शक्तिशाली माध्यम बन गया है।

सूचना का तेज प्रवाह

किसी भी घटना या जानकारी को पल भर में लाखों लोगों तक पहुंचाना सोशल मीडिया के कारण सभत हो पाया है। खबरे, विचार, और उड़ान तेजी से फैलते हैं। जिससे हम दुनिया में क्या हो रहा है, इसके बारे में तुरंत जान पाते हैं। यह जागरूकता और सक्रियता को बढ़ावा दे सकता है।

सोशल मीडिया मनोरंजन का एक विशाल भतार बन गया है। वीडियो, मीम्स, सेक्स और विभिन्न प्रकार की आदी हर समय उपलब्ध रहती है। यह खाली समय बिताने और तलाव कम करने का एक आसान तरीका हो सकता है।

How developing Infrastructure affects the Economy and Environment

Infrastructure is the backbone of every country's economic progress. In today's world Infrastructure is developing and it's really beneficial for our economy and standard of living. Well planned infrastructure, such as good roads and highways facilitates faster transportation, connects different parts of a country and supports various sectors including healthcare. Developed infrastructure also helps in enhancing workforce productivity and quality of life. And when we talk about India.

India's real GDP growth for 2023-2024 was estimated at 8.2%, driven in part by public investment in infrastructure and increased household investment in real estate.

Forest loss from infrastructure doesn't just remove trees, it also drives animal population decline and extinctions. Estimates suggest 137 species (plants, animal and insects) go extinct daily due to deforestation. More than 1700sq. km of forest areas has been cleared in the last 10 years due to development activities in India. In recent time (2025) the state govt. of Telengana approved clearing 400 acres of forest land in "Kancha Gachibowli" near Hyderabad, for IT parks and urban expansion. This forest supports over 455 species (including rare birds and mammals).

उपभोक्ता संरक्षण का अर्थ है उपभोक्ताओं के अधिकारों की रक्षा करना और उन्हें अनुचित व्यापार प्रथाओं, धोखाधड़ी, शोषण एवं अन्य प्रकार की हानियों से बचाना। यह एक ऐसा तंत्र है जो उपभोक्ताओं को उनके उत्पादों और सेवाओं के संबंध में पूरी जानकारी प्राप्त करने, सही मूल्य चुकाने, गुणवत्ता की वस्तुएं प्राप्त करने तथा यदि कोई समस्या आती है तो उसका समाधान पाने का अधिकार देता है।

भारत में उपभोक्ता संरक्षण अधिनियम, 2019 लागू है, जो उपभोक्ताओं को अधिक प्रभावी सुरक्षा प्रदान करता है। यह अधिनियम उपभोक्ताओं को निम्नलिखित अधिकार देता है: सुरक्षा का अधिकार, जानकारी पाने का अधिकार, वयन का अधिकार, सुनवाई का अधिकार, मुआवजा पाने का अधिकार, और उपभोक्ता शिक्षा का अधिकार।

उपभोक्ता फोरम, जिला, राज्य और राष्ट्रीय स्तर पर कार्यरत है, जहाँ उपभोक्ता अपनी शिकायत दर्ज कर सकते हैं। इसका उद्देश्य यह सुनिश्चित करना है कि बाजार में निष्पक्षता बनी रहे और उपभोक्ताओं को उनके पैसे का सही मूल्य मिले। जागरूक और संवेत उपभोक्ता ही एक सशक्त और संतुलित बाजार व्यवस्था की नींव होते हैं।

उपभोक्ता संरक्षण का महत्व आज के प्रतिस्पर्धात्मक बाजार में और भी अधिक बढ़ गया है। जहाँ विभिन्न कंपनियाँ उपभोक्ताओं को लुभाने के लिए कई प्रकार के विज्ञापन, छूट और ऑफर प्रस्तुत करती हैं। कई बार ये ऑफर आमक होते हैं और उपभोक्ता धोखा खा जाते हैं। इसलिए उपभोक्ता संरक्षण कानून उन्हें जागरूक करता है कि ते सोच समझकर निर्णय ले।

HUMANITIES

Editorial

Dear students,

It is well said that we cannot despair of humanity, as we ourselves are human beings. The word Humanity; you often hear it. It starts with the word human, which denotes us. This word has deeper meaning and significance. It is humanity that defines who we are as a people and what power we hold to offer to ourselves, to our society, to our nation and the world as a whole. It is what provides us the sense of commonness and the feeling of togetherness without any discrimination and even without any blood relations. Humanity provides the ray of hope to the man at the time of struggle. Humanity makes the dark world full of lights. It not only provides a future for mankind, but for the beings on the planet itself. We got so much knowledge about the human experiences over a period of time through the sources that are itself made, provided and kept through the ages. Literature, religion, art, philosophy, history, languages, music, and many more aspects make us understand the world of humans. The whole journey of humans and their ideas about things and humanity is very much shown by the development of these social aspects. It is through these elements we feel connected. The same origin, history, language, arise the feeling of brotherhood. Humanity makes us jointed emotionally and empathetically. It provided the opportunity to know who we were before and what we are today. It also helps us envision where we are going now.

From the period of the early humans, i.e., hunter-gatherers to the making of big civilizations like the Indus- Saraswati gave us glimpses of human capacities which were not done by one individual or any group of people, but that were made by collective action with the effort of all. That is what humanity needs today. But it is so unfortunate in the present scenario that humanities are neglected not only in education but in the events that happen in our day-to-day life. We need to understand that humanity is a part of human culture. Humanities offer us the advice of life. It enriches one's moral and value-based belief. It makes one to imagine situations outside of one's own understanding. So, it will help them when one is confronted by a choice outside of one's own personal experience, it will provide the knowledge and background to better understand and respond. Always remember that only getting good academics without getting ethics and morals actually sidelined your attained knowledge. It is humanity that educates one with the heart. There is no higher religion than human services!

At last, I would like to offer a word of thanks to my respected principal for their unconditional support, learned colleagues, and contributors for their cooperation. Students should be appreciated for their sincere effort of making the college magazine Satyambhra as a step of accomplishment.

NATIONAL CADET CORPS (NCC)

● NCC का मतलब होता है राष्ट्रीय कैडेट कौर जिसकी स्थापना सन 1948 में हुई। NCC एक ऐसा Platform है जो Youths को भारतीय सेनाओं में शामिल होने के लिए प्रेरित करता है। Ncc को तीन भागों में divide किया गया है। Army wing, Navy Wing, Air Wing. जिन युवाओं को भारतीय थल सेना join करनी है वह Army wing join करते हैं जिन युवाओं को भारतीय नौसेना में जाना है वह Navy wing join करते हैं और जिन युवाओं को भारतीय वायु सेवा में जाना है वह Air Wing join करते हैं Ncc में जो युवा शामिल होते हैं उन्हें Cadets के नाम से जाना जाता है। Cadets को भारतीय सेनाओं की basic training दी जाती है जैसे:- Drill कराई जाती है, फायरिंग कराई जाती है, weapons की जानकारी दी जाती है आदि। Ncc से Cadets के व्यक्तित्व का विकास होता है। Ncc से cadets को हमारे देश के जवानों की स्थिति का पता चलता है कि कैसे वह अपने जीवन की परवाह न करते हुए हमारे देश के दुश्मनों से रक्षा करते हैं। Ncc से cadets को जवानों के बलिदानों का पता चलता है। Ncc से cadets में communication skill develop होती है। Ncc join करने से cadets भारतीय सेवा में सीधा अफसर बन सकते हैं। उनके लिए Ncc special entry scheme होती है जिसके तहत वे सेना में as a officer join होते हैं। अगर आपको भारतीय सेना में नहीं जाना है तो भी आप Ncc join कर सकते हैं क्योंकि Ncc से एक अच्छा जीवन जीने की प्रेरणा मिलती है Ncc आपको तीन साल साल की training में सामाजिक जीवन से संबंधित विषयों के बारे में भी जानकारी देती है। जिसकी सहायता से आप समझ में एक अच्छे इंसान बन सकते हैं और समाज में रहते हुए देश सेवा कर सकते हैं Ncc से cadets के विचारों में परिवर्तन आता है क्योंकि cadets को तीन साल की ट्रेनिंग से गुजरना पड़ता है कहीं ना कहीं उनकी सोच आम आदमी से अलग होती है training के दौरान cadets के लिए प्रशिक्षण camp भी लगाए जाते हैं जिसमें cadets को शारीरिक और मानसिक तौर से तैयार किया जाता है। यह तीन साल की training cadets को आम आदमी से अलग बनाने का काम करती है।

NCC: Empowering India's Youth

The national cadet corps is a premier youth organization in India that aims to develop the leadership skills, character and patriotism of young Indians. Established in 1948, the NCC has grown into a robust organization. The NCC motto, "Unity and Discipline" reflects its commitment to fostering unity among Indian youth and installing discipline, responsibility and leadership. The organization includes developing character, comradeship and leadership skills among cadets, as well as promoting national integration and social cohesion. The NCC provides cadets with opportunities to develop their physical and mental abilities, participate in adventure activities such as camping, trekking, and mountaineering. The NCC also conducts annual training camps, army attachment camp, national integration camp, where cadets can interact with peers from different parts of the country and learn valuable skills. By joining the NCC, young Indians can become part of a proud tradition of service and leadership and contribute to the nation's development while developing their own potential.

Healthy is wealth

It is very important for people to have good health. There are two types of health mental health and physical health. Deterioration of mental health and physical health has a harmful effect on the body. Mental health is deteriorated due to taking too much stress and physical health is affected due to lack of physical activity as well as not taking a good diet. Some examples through which we can live a good lifestyle.

Physical Fitness and Well Being:

Physical fitness plays an important role in making our life better. To make physical fitness, we have to add physical activity in our daily life. For example, Cardiovascular endurance, muscular strength, muscular endurance, flexibility & body composition etc. By doing these few exercises, we can live a good life. We can also stay away from many diseases.

Nutrition and Diet:

Nutrition and diet are related to each other. Diet represents the food that we eat, but nutrients are a process that helps us in increasing growth & metabolism. A balanced diet is full of good nutrients which help in maintaining overall good health and also protects us from chronic diseases.

Mental Health:

Mental health issues have a huge impact on our health. This happens due to taking too much stress. There are other reasons too which cause these health issues. Like overthinking, psychological and other social well being are caused by mental health issues. Mental health issues increase the risk of many other diseases. Like anxiety, depression, eating disorders, stress disorder etc. We can tackle it with a good diet plan, good lifestyle as well as therapy, meditation.

Beauty and Skin Care:

To improve your beauty and skin, avoid the midday sun rays, maintain a good diet and exercise regularly and try to manage stress. Take care of your skin. Try to drink as much water as possible during the day. Don't Smoke. Smoking makes skin look older & Plays a part in wrinkles forming.

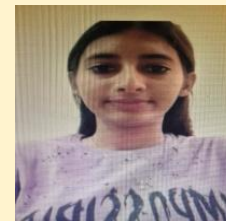

Conclusion:

In order to be healthy mentally as well as physically. One must follow the above said practices on the regular basis in the life.

The Power of Yoga: A Path to Physical and Mental Wellness

Yoga, an ancient practice originating from India, has gained widespread popularity across the globe due to its numerous physical and mental benefits. At its core, yoga involves a series of physical postures (asanas), breath control (pranayama), and meditation techniques designed to promote overall well-being. It's a holistic approach to fitness, focusing not just on the body, but also on the mind and spirit.

One of the most notable benefits of yoga is its ability to improve flexibility, strength, and balance. The various poses help stretch and strengthen muscles, while also enhancing joint mobility. This makes it an excellent choice for individuals seeking to increase physical vitality or recover from injury.

Beyond the physical benefits, yoga has profound mental health benefits as well. Regular practice promotes relaxation and reduces stress by calming the mind through controlled breathing and mindfulness. Many people find that yoga helps them manage anxiety, improve focus, and even sleep better.

Yoga is also adaptable to different fitness levels, making it accessible to people of all ages. Whether you're a beginner or an advanced practitioner, there are numerous styles to explore, including Hatha, Vinyasa, and Kundalini, each offering its unique approach to healing and wellness.

In conclusion, yoga is more than just a physical exercise; it's a lifestyle that nurtures both body and mind, leading to a healthier, more balanced life. Incorporating yoga into daily routines can lead to long-term physical, mental, and emotional benefits.

Self-discipline

Self-discipline means self-control, which gives you inner strength and a way to control yourself, actions, and reactions; it is one of the most important and useful skills to achieve success and everyone should possess this quality. Self-discipline comes naturally to some people, and some people can achieve it with some effort. The effort made is worth it as it changes life for the better. It just means exercising self-control. A person who stays in control has the ability to take charge of his/her actions and reactions.

Tips to Achieve Self-discipline

- 1. Set your goals:** The first step towards leading a disciplined life is to set goals. Goals give you a clear idea about what needs to be achieved. One must always set a timeline for your goals. This serves as a driving force and motivates you to work hard. It is good to set both short-term and long-term goals and create a well-thought-out plan to achieve them.
- 2. Do meditation:-** Meditation is one of the best ways to channel our energy in the right direction. It helps maintain focus, acquaints us with our inner self and furthers better self-control. It is the stepping stone for a disciplined life. Meditating for half an hour every day can help in including self-discipline.
- 3. Set a Routine:-** Those who set a routine and follow it daily lead a more disciplined life. It is suggested to list all the tasks that you require accomplishing in a given day. Write them in the order of their priority, set a timeline for each and act accordingly. This is a good way to lead an organized and disciplined life.
- 4. Stay away from distractions:-** In this technology-driven world, there are numerous things that can distract us and take charge of our lives. Our mobile phones, telephones, and chatting apps are some of the new-age things that are a big hindrance in practicing self-discipline. No matter how determined we are to study, work or sleep on time, we tend to get distracted at the beep of our phone. Social media platforms, chatting apps and web series are extremely addictive and hamper work. In order to practice self-discipline, it is important to stay away from these distractions. Put your phone on silent or keep it at a distance when you sit to study or work. Similarly, just put your phone away at bedtime and instead pick a book to read.
- 5. Reward yourself:-** Reward yourself for every goal you achieve. This will motivate you to work harder to achieve more. This is a good way to trick your brain to inculcate self-discipline.
- 6. Take proper sleep:-** You can inculcate self-discipline only when you are well-rested. So, it is essential to sleep for eight hours each night. Maintaining a good sleep cycle is also essential. This means that you should try sleeping and waking up at the same time every day. A power nap during the afternoon can help further.

SCIENCE

Editorial

Dear Students Science describes the continuous journey of inventions, determined driven by interest and an impulse to recognize the world around us. But it's the wideness of the universe, the mutual collaboration of the minor particles that science has always been at the lead of human progress. In this era of technology enhancement, it's important to give consideration on how science constantly to build and upgrade our future. Although, with eminent power brings great responsibility.

The momentum at which science enhances often outpaces society's competence to wholly understand or manage its inculcation. There is many upgrading area of science like quantum computing, space exploration, AI and renewable energy innovation, where the opportunities appear endless. Moreover we progress through this advancement; we must think of that science is about boosting the mortal condition. This is not only the force for knowledge but by the desire to make a appropriate, more sustainable, and more impartial society for everyone. This is our duty to keep peculiar, and to participate in the ever progressing story of science. The extraordinary future can be made by the great and creative thinking of our youth.

Mrs. Reenu Devi
Asstt. Professor
Staff Editor

Infinity Unveiled

In the lab, where curiosity reigns
Scientists seek answers to life's puzzles and pains
With test tubes, beakers, and microscopes in sight
They unravel secrets, shining with delight

From the atomic core to the cosmic space
Science explores, explains, and puts knowledge in its place
The laws of physics, the codes of life
Unravelling mysteries, banishing strife

In the realm of biology, where life bursts forth
Scientists discover, classify, and give life new birth
From the intricate web of ecosystems to the human frame
Science illuminates, explaining life's grand game

Through chemistry's lens, the building blocks reveal
The secrets of matter, in all its forms and zeal
And in the digital realm, where ones and zeros reign
Science harnesses technology, forging a new domain

With every discovery, our understanding grows
Science illuminates the path, as knowledge unfolds
A never-ending quest, a journey without end
Science leads the way, our future to amend.

TIME TRAVEL

Fiction or future reality? Introduction Time travel has fascinated scientists and storytellers alike for generations. From H.G wells' the time machine to Hollywood blockbuster like intersellar, the idea of journey through time captures our imagination . Modern physics suggests that time may not be as far-fetched as it seems.

TIME DILATION: One of the most promising concepts for time travel is time dilation, which occurs when an object approaches the speed of light. Astronauts aboard a spacecraft travelling near light speed would experience time much more slowly than their counter parts on earth. This phenomena has been experimentally confirmed.

CURRENT RESEARCH AND FUTURE PROSPECTS: Although we are far from building a time machine, ongoing research into quantum mechanics and space time phenomena keeps the possibility alive. Quantum entanglement which Einstein called "spooky action at a distance." May one day hold the key to unlocking the mysteries of time travel.

CONCLUSION: While practical travel time remains speculative, the laws of physics have not ruled it out entirely. As we continue to explore the universe and deepen our understanding of space and time, the dream of time travel may one day move from the realm of fiction to reality.

The impact of technology: How computers shape our world

Today's world computers have become an essential part of everyday, revolutionizing the way we communicate, work, and entertainment of ourselves. Evolution of computers The journey of computers began with large, room sized machines that performed basic calculations. Over the years, advancements led to the creation of personal computers (PCs) that brought computing powers to homes and offices. Applications in Modern life..

1. Education: Computers have made learning more interactive and accessible. Online courses, e-books and digital resources provide student with limitless opportunities to expand their knowledge.
2. Business and communication: Computers streamline business operations, improve productivity and facilitate communication across the globe. E-mails, and collaborative tools have made remote work possible and efficient.
3. Entertainment and creativity: The entertainment industry thrives on computer technology with advancements in gaming and animation. Artists and designers use sophisticated software to create stunning visual effects.

THE ROLE OF ARTIFICIAL INTELLIGENCE (AI): Artificial intelligence is taking computer capabilities to the next level. AI- Powered applications are automating tasks, analyzing vast amounts of data and making decisions that were once considered purely human.

THE FUTURE OF COMPUTING: As technology evolves, we can expect even more groundbreaking innovations. Quantum computing, augmented reality, and enhanced AI system promise to reshape our world in unimaginable ways. However, with progress comes the responsibility to use technology and ensure that its benefits shared by all.

The Role of Physics in Everyday Life

We may not always realize it, but physics is behind almost everything we do. From the way we move to how we use technology, this fundamental science is at work in every part of our daily routine. A Simple Morning Think about a simple morning. When you get out of bed, gravity pulls you down, keeping you firmly on the ground. As you switch on the light, electricity flows through the wires, following the principles of electromagnetism. Even when you make tea, the heat transfer—whether by boiling water or steaming milk—is all explained by physics. Physics in Action Step outside, and physics is still guiding your day.

The friction between your shoes and the ground prevents you from slipping. If you ride a bicycle, Newton's laws of motion keep you moving forward, while balance and inertia help you stay upright. Cars, trains, and airplanes all rely on physics to function efficiently, using concepts like aerodynamics and momentum. The Power of Technology Even the technology we rely on—from smartphones to the internet—is powered by physics. The touchscreens on our phones work due to electrical conductivity, and the Wi-Fi signals connecting us to the world use electromagnetic waves. Without physics, none of these modern conveniences would exist. Understanding the World At its core, physics isn't just about equations and theories; it's about understanding how the world works. Whether we're looking at the stars, using a GPS, or simply enjoying a warm cup of coffee, physics is quietly shaping our lives in ways we often take for granted.

Reaching for the Red Planet

The Science Behind Space Travel to Mars Introduction Space travel has long fascinated humans, and Mars, with its rocky terrain and barren landscape, is a prime target for exploration and potential habitation. But can we live on Mars?

This article delves into the science behind space travel to Mars and explores the possibilities and challenges of making the Red Planet our new home. The Challenges of Space Travel to Mars Space travel to Mars is a complex and daunting task. The distance between Earth and Mars varies from 56 to 401 million kilometres, making it a long and arduous journey. The effects of microgravity, radiation exposure, and isolation on the human body are also significant concerns. Overcoming the Distance To overcome the vast distance, spacecraft use a combination of propulsion systems, including chemical rockets and ion engines. NASA's Curiosity rover, for example, used a complex trajectory that included a gravity assist from Earth to reach Mars. Protecting Against Radiation Radiation exposure is a significant concern for deep space missions. Spacecraft use shielding to protect against cosmic rays and solar flares. Scientists are also exploring new technologies, such as inflatable spacecraft and water-based shielding. Mitigating the Effects of Microgravity Microgravity can have severe effects on the human body, including muscle atrophy, bone loss, and vision impairment. Scientists are exploring countermeasures, such as exercise routines, rotating sections of spacecraft, and pharmaceutical interventions. Can We Live on Mars? Despite the challenges, NASA's Curiosity rover has shown us that Mars has water, essential for life. But can we live on Mars? The answer is yes, but with significant challenges. The Martian Environment Mars' harsh environment poses significant challenges. The planet's atmosphere is thin, and the temperatures are extreme. The atmosphere is also toxic, composed mostly of carbon dioxide. Establishing a Human Settlement Establishing a human settlement on Mars will require innovative technologies and infrastructure development. This includes developing reliable air, water, and food supplies, as well as creating habitats that can protect against the harsh environment. Conclusion Space travel to Mars is a complex and challenging task, but it is not impossible. With continued innovation and investment, humans can overcome the challenges and establish a sustainable presence on the Red Planet. As we continue to explore and push the boundaries of space travel, we may one day find ourselves calling Mars our new home.

SCIENCE & TECHNOLOGY IN ANCIENT INDIA

Ancient India stands as a testament to human ingenuity with its profound contributions to science & technology shaping civilization across the globe. From pioneering mathematical concepts to advanced urban planning the innovations of ancient Indian scholars & artisans have left an indelible marks on history.

1. Mathematics & Astronomy

Aryabhata :-

- Known for his contributions to mathematics & astronomy including the concepts of zero & the Calculation of Pi.

Sanskrit Documents: -

- The Sanskrit Documents collection provides insights ancient Indian mathematics & astronomy

Brahmagupta:-

- Made Significant advancement in algebra & astronomy

2. Metallurgy:-

Harappan Civilization:-

- The Harappan civilization known for its advanced urban planning also had skilled metalworkers who produced bronze & copper artifacts.

Metallurgy Techniques:-

- Ancient Indian developed techniques for alloying metals like tin, arsenic & lead & for casting metal objects.

Vedic Metallurgy:-

The Vedic Metallurgy saw the development metallurgy, with evidence of copper & bronze objects from the Indian Vedic Civilization .

The Scientist's Quest

In labs where curiosity ignites
Scientists seek answers, day and night
With every test, a new tale unfolds
Of secrets hidden, yet to be told

The laws of physics, a code to crack
Unravelling mysteries, the map to universe
From Newton's gravity to Einstein's stride
Scientists march forward, side by side

In the realm of chemistry, elements entwine
Forming bonds, a symphony divine
Compounds and reactions, a dance so fine
As scientists choreograph, the universe aligns

Through the lens of discovery, we gaze
Upon a world of wonder, in endless daze
Science illuminates, the path unwinds
As we venture forth

GREEN CHEMISTRY

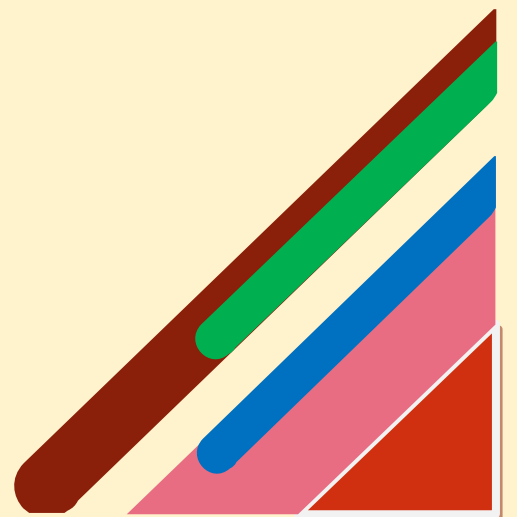

Green chemistry refers to use of set of principles reducing or eliminating the use or generation of Hazardous substance in the design, manufacture and application of chemical product. Green chemistry relies upon life cycle thinking to bring their concepts to fruition; it serves to achieve the ultimate goal of a sustainable economy and society. Why we need green chemistry? Chemical developments bring new environmental problems and harmful unexpected side effects, resulting in the need for 'greener' chemical products. It represents a major paradigm shift that focuses on environmental protection at the design stage of product and manufacturing processes.

In day to day life: Tetra chloroethene was use as a solvent for dry cleaning but these compound contaminate the ground water and are suspected carcinogen. The process using this compound is now being replaced by a process where liquefied CO₂ with suitable detergent is used. Replacement with a Halogenated solvent by liquid CO₂ will result in less harm to ground water.

MUSIC

सम्पादकीय

गायन वादन और नृत्य से परिपूर्ण विद्यार्थियों द्वारा दी गई प्रस्तुतियों का इस वर्ष 2023-24 में राजकीय महाविद्यालय की वार्षिक पत्रिका " सत्यंभरा" में प्रकाशित होना केवल संगीत ही नहीं अपितु संपूर्ण महाविद्यालय के लिए गौरव का क्षण है। गाना, बजाना या नाचना उतना ही प्राचीन है जितनी मानव सभ्यता क्योंकि जगत में प्रत्येक ध्वनि रस की उत्पत्ति करती है। कुछ ध्वनियां हमें क्रोध, दुख और करुणा तथा कुछ सौम्य व शांति तथा प्रेम की ओर अग्रसर करती है जैसे वीर रस की ध्वनि वीरता तथा प्रेम रस से भरी ध्वनि मां की लोरी के रूप में एक रोते हुए बालक को पल में शांत कर गहरी नींद सुला देती है। विभिन्न रसों पर आधारित संगीत विषय तभी निर्मित होता है जब उन सभी ध्वनियों को सुव्यवस्थित कर मधुर और कर्णप्रिय बना दिया जाता है। इन कलाओं में निपुणता के लिए महाविद्यालय में संगीत गायन विषय के अतिरिक्त अनेक वाद्य भी संगीत विभाग में हैं जहां वाणिज्य और विज्ञान विषय के विद्यार्थी भी अभ्यास कर अपनी कला को निखार सकते हैं। इस वर्ष 2022-23 में महाविद्यालय के सभी संकायों के विद्यार्थियों ने युवा समारोह में आशातीत सफलता प्राप्त की जिसमें हरियाणवी लोकगीत लाइट वोकल इंडियन, हरियाणवी पॉप लोकगीत, जनरल लोक वाद्य प्रथम तथा हरियाणवी लोक नृत्य छात्र एवं छात्रा द्वितीय स्थान पर रहे इसी श्रृंखला में अंतर क्षेत्रीय युवा समारोह सी०आर०एस०यू० जींद में आयोजित लाइट वोकल इंडियन प्रथम हरियाणवी लोकगीत प्रथम, लोकगीत सामान्य प्रथम, रंगोली प्रथम, सिंपोजियम द्वितीय स्थान पर रहे। महाविद्यालय में एक संगीत विषय के छात्र साहिल ने इंटर यूनिवर्सिटी वेस्ट नॉर्थ जोन कल्चरल फेस्टिवल मुलाना (अंबाला) में लोकगीत सामान्य में सी०आर०एस०यू० जींद को प्रस्तुत किया।

महाविद्यालय के सभी संकायों के विद्यार्थियों से मेरा आग्रह है कि वे अपने व्यक्तित्व के संपूर्ण विकास के लिए और अपने गुणों को निखारने के लिए कल्चरल एक्टिविटी कमेटी द्वारा आयोजित सभी कार्यक्रमों में बढ-चढकर भाग ले और जीवन के हर पड़ाव को सफलतापूर्वक शांत मन से पार करें। महाविद्यालय में शिक्षा प्राप्त कर रहे सभी संकायों के विद्यार्थियों के उज्ज्वल भविष्य के लिए बहुत-बहुत शुभकामनाएं।

डॉ अंजू रानी शर्मा
संगीत प्रोफेसर(गायन)

Over All Trophy in Zonal Youth Festival at GC Jind

राजकीय कालेज सफ़ीदों ने 30 साल बाद जीती ओवरऑल ट्रॉफी

जामरुण संगददाता • जींद : चौधरी रणवीर सिंह विश्वविद्यालय के अंतर्गत सफ़ीदों जीन के युवा महोत्सव में सफ़ीदों राजकीय कालेज की टीम ने 30 साल बाद ओवरऑल ट्रॉफी अपने नाम की। इससे पहले तत्कालीन प्राचार्य डा. जेपी चौधरी के पद पर रहते कालेज ने यह ट्रॉफी जीती थी। अब डा. तनया हुड्डा के नेतृत्व में यह इतिहास दोहराया है।

युवा महोत्सव में सात कालेजों की टीम भाग ले रही थी। कालेज प्राचार्य डा. तनया हुड्डा ने बताया कि ओवरऑल ट्रॉफी के अलावा डॉस और म्यूजिक कंटेगरी में ट्रॉफी कालेज के नाम रही। इसके अलावा कालेज की टीम ने सोलो डॉस हरियाणवी महिला, लाइट वोकल इंडियन, हरियाणवी गजल, क्लासिकल इस्ट्रुमेंटल सोलो, फोक इस्ट्रुमेंटल सोलो, हरियाणवी, ओकेस्ट्रा, ग्रुप डॉस, हरियाणवी, ओकेस्ट्रा, हरियाणवी, वेस्टर्न इस्ट्रुमेंटल सोलो, रसिया हरियाणवी ग्रुप डॉस में पहला स्थान प्राप्त किया। ग्रुप डॉस जनरल, ग्रुप सोंग हरियाणवी, फोक सोंग

जोनल यूथ फेस्टिवल में ओवरऑल ट्रॉफी के साथ राजकीय कालेज सफ़ीदों की टीम • कालेज

जनरल, वेस्टर्न वोकल सोलो में दूसरा स्थान प्राप्त किया। डा. हुड्डा ने कहा कि महाविद्यालय स्टाफ और विद्यार्थियों की मेहनत का नतीजा है कि ओवरऑल ट्रॉफी जीती है। इस दौरान डा. प्रदीप शर्मा, डा. अंजू रानी, बलविंद सिंह, मनीषा, डा. अजित, मंजू, डा. शीला, डा. सुनील, ज्योति, भावना, सरवजीत, निशा, डा. रुचि, अमित, आकांक्षा, तुषार और

सुधम भी टीम के हिस्सा रहे।

नौ विधाओं में जुलाना राजकीय कालेज की टीम प्रथम: जुलाना : राजकीय कालेज में दो दिवसीय सफ़ीदों जीन-युवा महोत्सव में खलिदानी मेजर संजीव लाठर राजकीय कालेज की छात्राओं ने नौ विधाओं में शानदार प्रदर्शन किया। कालेज प्राचार्य डा. सत्यवान मलिक और कार्यक्रमी प्राचार्य विजेंद्र ने

बताया कि 30 विद्यार्थियों ने नौ विधाओं में अपना जीतर दिखाया। इनमें से विद्यार्थियों ने पांच विधाओं में जीत हासिल की। कल्चरल इंचार्ज खोनिषा देशवाल ने बताया कि वेस्टर्न इस्ट्रुमेंटल सोलो में आकाश प्रथम, मिमिक्री में खोनी प्रथम, क्लासिकल इस्ट्रुमेंटल सोलो स्वर वाद्यन में आकाश प्रथम, क्लासिकल इस्ट्रुमेंटल सोलो ताल वादन में पंकज द्वितीय रहे।
