English Language Lab

During the Session 2025–26, the English Language Lab conducted various certificate-based and skill-oriented activities to enhance students' communication and personality development skills. The training focused on LSRW Skills (Listening, Speaking, Reading, and Writing) along with Spoken English practice. Students actively participated in assignments, debate competitions, declamation activities, group discussions, vocabulary-building exercises, pronunciation practice, and communication skill sessions.

Interactive and learner-centered methods were adopted to improve fluency, confidence, public speaking, and overall language proficiency. Special emphasis was given to spoken communication, stage confidence, teamwork, and professional interaction skills. Audio-visual tools and practical activities were regularly used to create an engaging learning environment.

The activities conducted in the Language Lab proved highly beneficial in developing students' confidence, communication abilities, critical thinking, and personality development, thereby preparing them for academic as well as professional success.
